# Leen's Tatted Angel

October 2000
Designed and tatted by Eileen Stafford

This sweet little angel was tatted with Perle cotton size 8 and is about 3 inches tall. I have done many different variations with this one patterns, including adding pearl beads to the halo, placing them on the needle so thy appear between he double stitches with a but of thread looping over the top of the bead. The skirt can be done in many different ways, with double picots, or beads added. If adding beads to the joining picots of the skirt, increase the number of stitches from 8 to 10 in the joining chains between the rows of the skirt.

This angel is made with Cebelia size 20 thread and is about 3 inches tall. I used double picots on the last of row of chains in the skirt.

Here is an example of the beads in the skirt and also the halo. The stitch count was changed in the connecting chains between the rows of the skirt from 8 to 10. She is made with Perle cotton size 8.
