AKA

[The Silver Shuttle](#)

## SHUTTLE ONLY:

R 3---1--1-7-1--1---1--1-7-1--1-  
--3.

R 7-7.

Cut & tie off threads at base  
of the two rings.

(Make sure you make the  
picots either twice or 3 times  
as long as usual - following the  
dashes on the pattern as the  
picots form the wings and tail  
of the bird.) With size 30  
thread the bird will be about  
3/4" long. The Silver Shuttle  
loves to keep a shuttle full of  
pale blue thread handy when  
she demonstrates and every  
curious child (and a few adults)  
gets one of these quick and  
easy blue birds to take home.

The Silver Shuttle has a number of  
patterns for sale. These include Laces,  
Christmas Ornaments, even ideas to  
go with jeans or tuxedos!!!

For more info please contact:

The Silver Shuttle  
HCR 83 Box 56  
Custer, SD 57730

I did these in black and put an earring  
wire through the picot that forms the  
beak.....now they are crow earrings for  
my Aunt's birthday.
