

## Imported Designs of Tatting Book #77 © 1936

With a clear photo and a numbered diagram, the tatter can recreate all the patterns in this book, "Imported Designs of Tatting Book #77" easily. This booklet was published with photos of the tatting only. No instructions, no patterns.

Pattern #8150 pg. 10

8150

Using two shuttles or one shuttle/needle and ball thread, begin with a round center ring of 7 picots and use a mock picot to climb out into row 1.

Center Ring 3 - 3 - 3 - 3 - 3 - 3 - 3 - 3 clr mock picot, dnrw, climb out.

Row 1

Split Ring 3 - 3 - 3 - 3 / 3 - 3 - 3 - 3 clr rw

\*CH 5 - 5 - 5 - 5 rw

R 3 - 3 + (join to previous ring) 3 - 3 + (join to picot of center ring) 3 - 3 - 3 - 3 clr rw

Repeat from \* 7 times. The last chain is a split chain.

Split CH5 - 5 / 5 - 5 mp climb out.

Row 2

R 3 - 3 - 3 - 3 - 3 - 3 - 3 - 3 clr rw

CH 3 - 3 - 3 - 3 + (join to middle picot of row 1 chain ) 3 - 3 - 3 - 3 rw

Repeat around; the rings are not joined.

The last ring is a split ring.

Row 3

Split Ring 3 - 3 - 3 - 3 - / 3 - 3 - 3 clr mp

All the rings in the row have 3 ds between each picot or join. There is a 3 ds split chain after the last ring. Join the rings as indicated in the original photo and on the diagrams.

All the long chains have 3 ds between each picot or join but the 3 short chains are all CH 5 + 5

Please consider using RODS, for all the chains. The reversal of the first and second half stitches will create the all front/back side look to the tatting.
