Tatting Patterns & Shuttles

Revised by The Online Tatting Class 2026

theonlinetattingclass@gmail.com

On behalf of Georgia Seitz and The Online Tatting Class we would like to thank the many designers and tatters that have helped build the class library to what it is today. Without all those involved tatting would not be where it is today. Thank you for helping share the Art of Tatting.

Tatted Pineapple Rings by Sheron Goldin ©2007

Materials:

For earrings:

1/4" inch cabone rings (2)

Earring findings (2)

Size 80 tatting thread

1 shuttle CTM with ball

For fan pull, zipper pull or matching necklace dangle:

3/4" inch cabone ring

Size 20 thread

Split ring or jump ring to hang dangle from necklace so it will lay flat. If doing a pull you can just join the double picot to the chain.

Note: This pattern can be worked with a shuttle and ball, CTM

Round 1 (for this round the chain stitches are formed over the cabone ring)

Chain: 3

Ring: 4 - 4 - 4 - 4

*Chain: 3

Ring: 4 + 4 - 4 - 4

Repeat from * until a total of 5 rings have been made

Chain: 3

Ring 4 + 4 - 8

Chain 12 -- 1 + (join previous picot over the earring finding) 12

Split ring: 8/4 + 4

Begin working chains back and forth:

Row 1: Chain 6 - 6 + 6 - 6 + 6 - 6 + 6 - 6 + 6 - 6 + 6, leave a bare thread space just shorter than 6 stitches will fit on, join to final ring on round 1. Work split chain of 6 stitches back to where other thread is waiting.

Reverse work, SLT

Repeat row 1 having 1 less chain 6 - 6 group each row until only 1 group remains.

Work split chain 6 / 6.

End with a split ring 8 / 8 to hide ends.
