Discussion and demonstration of up joins and down joins and how they are used and why.

Discussion on beads in tatting and how they are used and where.

Discussion on how to add beads and where they go on the thread for the purpose intended.

Demonstrate how to use beads in tatting

Rings used in ANKARS and other forms of tatting for emphasis.

Demonstration on how to create the various rings used in ANKARS tatting.

Show and Tell... I will show various tools I use for ANKARS and tatting with beads.

Supplies needed, 2 shuttles or shuttle and ball of thread, beads any size to fit the size thread you're using, place markers for beads used, picot gauge, small crochet hook, scissors, tool you use to put beads on thread.
